Hi Folk

AUTOQUIP MONTH-END CAMPAIGN – January 2010

Campaign dates 28 January to 6 February

We've come off of a pretty successful year-end and we now look at keeping the momentum going with "**prices to welcome 2010.**"

Our January month-end advert has a comprehensive list of tyres – from "passenger" (with no brand mentioned) to Bridgestone & Firestone passenger and Bridgestone & Firestone SUV & 4x4. We also have a number of "crazy" combo offers.

We also remind the motorist of our quality association by virtue of our **Bridgestone Accredited Fitment Centre** designation; and we boldly promote the Free All Road Hazard Guarantee on Firestone passenger tyres.

All-in-all, it's a pretty impressive offer and we trust that the wheels will keep rolling in!

It's obviously essential to brand health and the well-being of Autoquip that our delivery is top-notch... creating consistency with the message we are projecting; so please give it your best!

A copy of the ad' is attached. Please make sure that all sales staff are aware of the specials.

Good selling.

Gavin Kockott
